

MV 100 J, MV 100 VJ, MV 100 VUJ SERIES

PLASTIC GRAVITY GRILLES

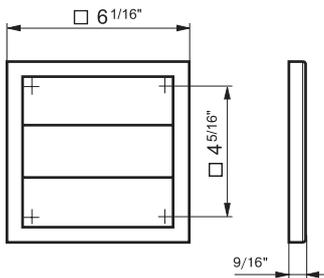

DESCRIPTION

The Three-louver design provides excellent airflow. Suitable for inside or outside mounting. MV series grilles are ideal for dryer venting and for kitchen and bath fan exhausts. Lightweight louvers allow the airflow to pass through with minimum air resistance. Backflow control eliminates the entry of insects or other wild life. Removable louvers allow easy cleaning. available in colors indicated in the color chart. Easy screw mounting. Grilles are manufactured of ABS plastic (flame rating – 5VA).
