

# ERV 200

Energy Recovery Ventilators are the complete whole house ventilation system designed to bring a continuous supply of fresh air into the house while exhausting an equal amount of stale air

- Motor type: AC
- Enthalpy heat exchanger

|  | Unit of measurement | ERV 200 |
|--|---------------------|---------|
| Connected air duct size                | in                  | 6"      |
| Speed                                  | -                   | 1       |
| Minimum supply voltage                 | V                   | 120     |
| Maximum supply voltage                 | V                   | 120     |
| Power supply frequency                 | Hz                  | 60      |
| Rated power                            | W                   | 212     |
| Maximum unit current                   | A                   | 1.8     |
| Maximum performance @0.1"              | CFM                 | 213     |
| Ingress protection rating              | -                   | IP22    |
| Ingress protection rating of the drive | -                   | IP44    |
