

HR-S

The humidistat is designed for controlling humidification and/or dehumidification in ventilation, air conditioning and heating systems. Can also be used to alarm when the humidity exceeds or falls below a pre-set level

	Unit of measurement	HR-S
Minimum supply voltage	V	24
Maximum supply voltage	V	24
Ambient air temperature min	°C	0
Ambient air temperature max	°C	40
Ingress protection rating	-	IP30
