

OV1 200

Specifically designed for direct air exhaust through the wall, the VENTS OV1 series fans is a perfect ventilation solutions for parking garages, agricultural facilities and stores

- Motor type: AC
- Impeller type: Axial
- Casing material: Coated steel
- Installation in any position

	Unit of measurement	OV1 200
Connected air duct size	in	8 3/16"
Speed	-	1
Minimum supply voltage	V	120
Maximum supply voltage	V	120
Power supply frequency	Hz	60
Rated power	W	43
Maximum unit current	A	0.63

Dimensions
