

OV1 250

Specifically designed for direct air exhaust through the wall, the VENTS OV1 series fans is a perfect ventilation solutions for parking garages, agricultural facilities and stores

- Motor type: AC
- Impeller type: Axial
- Casing material: Coated steel
- Installation in any position

	Unit of measurement	OV1 250
Connected air duct size	in	10 5/16"
Speed	-	1
Minimum supply voltage	V	120
Maximum supply voltage	V	120
Power supply frequency	Hz	60
Rated power	W	84
Maximum unit current	A	1.17

Dimensions

ØD	Ød	B	B1	L
10 5/16"	1/4"	14 9/16"	12 5/8"	5 1/2"
