

OVK1 250

Specifically designed for direct air exhaust through the wall, the VENTS OVK1 series fans is a perfect ventilation solutions for parking garages, agricultural facilities and stores

- Motor type: AC
- Impeller type: Axial
- Casing material: Coated steel
- Installation in any position

	Unit of measurement	OVK1 250
Connected air duct size	in	10 5/16"
Speed	-	1
Minimum supply voltage	V	120
Maximum supply voltage	V	120
Power supply frequency	Hz	60
Rated power	W	84
Maximum unit current	A	1.17

Dimensions

ØD	ØD1	ØD2	Ød	L
