

PSS 102

The wall vent is an air handling unit designed for creation of a continuous air exchange and supply of fresh air to residential and non-residential premises

- Maximum airflow: 200
- Motor type: AC

	Unit of measurement	PSS 102
Minimum supply voltage	V	120
Maximum supply voltage	V	120
Power supply frequency	Hz	60
Rated power	W	7.6 - 26.5
Maximum airflow	m ³ /h	200
Ingress protection rating	-	IPX4
