VK-AntiRADON 150

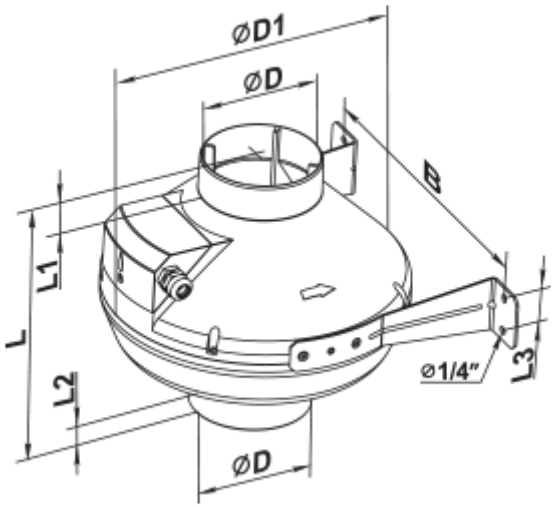

VENTS AntiRADON fans are specially designed with high pressure capabilities for Radon Mitigation Application

	Unit of measurement	VK-AntiRADON 150
Connected air duct size	in	6”
Minimum supply voltage	V	120
Maximum supply voltage	V	120
Power supply frequency	Hz	60
Rated power	W	93
Maximum unit current	A	0.77
Ingress protection rating	-	IPX4
