VK-AntiRADON 200

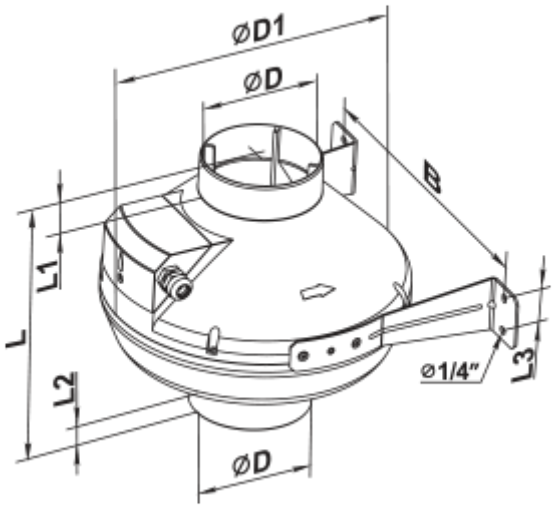

VENTS AntiRADON fans are specially designed with high pressure capabilities for Radon Mitigation Application

	Unit of measurement	VK-AntiRADON 200
Connected air duct size	in	8”
Minimum supply voltage	V	120
Maximum supply voltage	V	120
Power supply frequency	Hz	60
Rated power	W	149
Maximum unit current	A	1.25
Ingress protection rating	-	IPX4
