

A50 – 20/40/60 push button timer

Description:

An electronic wall control timer that is compatible with all Frigate HRV/ERV models. This control activates the system on three possible modes of operation.

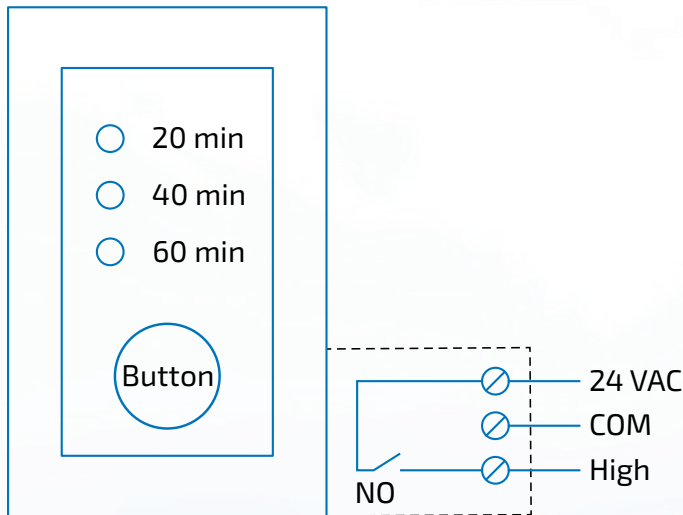

The button activates the system to run in intermittent mode for 20/40/60 minutes, it then returns to the predetermined setting. The light indicator of this wall control shows clearly, in which operating mode the unit is.

Control

- Push once for 20-minute, twice for 40-minute, or three times for 60-minute activation. Indicator lights up and the controlled unit goes to high speed.
- Push once more to stop activation. Unit returns to its previous setting.
